Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist-yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others-Angel.

Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it." Glorifying in the cloudless day and the warmer than usual weather, he drove seventy miles north, through phalanxes of evergreens that marched down the steep hills to the scenic coast. All the way, he monitored the traffic in his rearview mirror. No one followed him. Professing befuddlement, the galerieur led the way through three rooms to the front windows, gliding across the polished maple floors as though he were on wheels. This night in Weott, with the high solemn silence of the redwood forests out there now and waiting to embrace him in the morning, he slept without dreams. Beseechingly, with no intention of intimacy, he took Celestina's hands in his. "For years, as an obstetrician, I brought life into the world, but I didn't know what life was, didn't grasp the meaning of it, that it even had meaning. Before Rowena, Harry, and Danny went down in that airplane, I was already ... empty. After losing them, I was worse than empty. Celestina, I was dead inside. Phimie gave me hope. I can't repay her, but I can do something for her daughter and for you, if you'll let me." The round table seated six, but they required only three chairs, because the two brainless friends were a pair of Angel's dolls. The police. The stupid police. Ringing the bell when they knew he'd been shot. Ringing the damn doorbell when he lay here helpless, the Industrial Woman lurching toward him, his toe on the other side of the kitchen, ringing the doorbell when he was losing enough blood to give transfusions to an entire ward of wounded hemophiliacs. The stupid bastards were probably expecting him to serve tea and a plate of butter cookies, little paper doilies between each cup and saucer. When finally he found his voice, it was rough-sawn with a blade of grief. "My wife. Perri. Perris Jean." As usual, Vanadium had spoken in a monotone, putting no special emphasis on those two words. Yet Junior sensed that the detective harbored doubts about the explanation of the girl's death. "Your dad didn't just like Christmas, he loved Christmas. He started planning for it in June. If there wasn't already a Santa Claus, your father would have taken on the job." Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life. In the first two weeks, when she wasn't on pie caravans, Agnes received guests in numbers that taxed her. But there were so many people she wanted to see one last time. She fought hard, giving the disease all the what-for that she could, and she held fast to hope, but she received the visitors nonetheless, just in case. To become a physical therapist, Junior had taken more than massage classes, so he knew what hematemeses meant. Hematemesis: vomiting of blood. Although Thomas Vanadium was unconscious, perhaps even dead, and though both nailhead-gray eyes were closed, Junior knew those eyes were watching him, watching through the lids. The candlestick was dry. Holding this pewter bludgeon with a paper towel, Junior replaced it on the table as he had found it. He picked up the candle from the floor and married it to the stick. Otter was reluctant to answer. He had to like Hound, but didn't have to trust him. "Shape-changing," he mumbled at last. By now, Junior realized that he had been locked in a meditative trance for at least eighteen hours. He had settled into the lotus position at five o'clock Monday afternoon-and Bob Chicane had shown up or their regular instruction session at eleven Tuesday morning. He snatched up the wine list before she could look at it. "If you're paying, then I'm ordering whatever costs the most, regardless of what it tastes like." Then it would stop. The torment would stop. Surely. His sense of drift, of sliding aimlessly through the days, would lift from him, and he would find purpose once more in determined self-improvement. He would definitely learn French and German. He would take cooking classes and become a culinary master. Karate, too. Angel was adamant: "Nope. I could learn that. Like dressing myself and saying thank-you." "All right," Celestina conceded, and looked relieved. "Thank you, Paul. You're not only an exceptionally brave man but a gracious one, as well." Posing as a counselor with Catholic Family Services, he phoned each listed Bartholomew, with a question related to his or her recent adoption. Those who expressed bafflement, and who claimed not to have adopted a child, were generally stricken from his list. Risking all, he turned his back on her and fled, and in spite of his expectations to the contrary, she allowed him to escape. If he had cut himself intentionally for the express purpose of writing the name in blood, then the reservoir of anger was deeper still and pent up behind a formidable dam of obsession. Neighbors might not be home. And by the time he knocked, asked to use the phone, dialed ... Too great a waste of time. "For the love of God," Junior pleaded, "can't you please give me something for the pain?" The ball of sodden Kleenex was gripped so tightly in Junior's left hand that had its carbon content been higher, it would have been compacted into a diamond. He saw Vanadium staring at his clenched fist and sharp white knuckles. He tried to ease up on the wad of Kleenex, but he wasn't able to relent. Above the wainscoting, the walls were Sheetrock, unlike the plaster elsewhere in the apartment. On one of them, Enoch Cain had scrawled Bartholomew three times. That evening, he was filled with a greater sense of adventure than he'd felt since arriving in the city from Oregon. Consequently, he treated himself to three glasses of a superb Bordeaux and a filet mignon in the same elegant hotel lounge where he had dined on his first night in San Francisco, almost three years earlier. As home tours went, this one was notably less interesting than most. The accountant appeared to have no secret life, no perverse interests that he hid from the world. The reverend couldn't easily escape church obligations on such short notice, but Grace wanted to be with her daughters. Phimie, however, pleaded that only Celestina accompany her. Six captain's chairs encircled the big round table, one for everybody, including Agnes, but only Paul and Barty stayed seated. Perhaps a lot of suspects were rattled and ultimately unnerved by this behavior. Junior wouldn't be easily trapped. He was smart. Allowing one month for the job might be optimistic. On the other hand, he'd had a long time to perfect a strategy. "I don't like the old crazy doctor," she said, still drawing. "I wish it was about bunnies on vacation-or maybe a toad learns to drive a car and has adventures." While Angel continued her relentless interrogation of Paul Damascus, Tom joined her mother in front of the large window at the end of the room farthest from the dinner table. He continued until four aces of hearts and four aces of diamonds were on the table in front of him. These eight draws he had prepared, and this effect was his intention. Darkness, the one source of childhood fear that most adults never quite outgrow, held no terror for Barty. Although for a while his bedroom featured a Mickey Mouse night-light, the miniature lamp was there not to soothe the boy, but to quiet his mother's nerves, because she worried about him waking alone, in blackness. EARTHSEA. At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white. Between his surgeries and for many months thereafter, Vanadium had devoted his energies to speech therapy, physical rehabilitation, and the concoction of periodic torments for Enoch Cain, which Simon Magusson was able to implement, every few months, through Nolly and Kathleen. The idea wasn't to bring Cain to justice by torturing his conscience, since he'd allowed his conscience to atrophy a long time ago, but to keep him unsettled and thereby magnify the impact of his first face-to-face encounter with the resurrected Vanadium. Tom

Vanadium checked the small wastebasket next to the sink and discovered a wad of bloody Kleenex. The crumpled wrappers from two Band-Aids..In a few instances, when his suspicions were aroused in spite of their denials, Junior tracked down their residences. He observed them in the flesh and made additional-and subtle-inquiries of their neighbors until he was satisfied that his quarry was elsewhere..Once in a while, however, he reverted to his roots, to the food that gave him comfort. Thus, the cheeseburger and its decadent accoutrements..A quick review of these book spines revealed that the treasured Zedd collection wasn't here..As terrible as the situation was for Barty, Agnes knew that it was equally difficult for Paul. She could only hold him in the night, and let herself be held. And more than once, she told him, "If worse comes to worst, don't you go walking again."..On a morning in July, Junior was visiting the public library, poring through the stacks in search of exotic volumes on the occult, when the phantom voice rose nearby. Here, the singing sounded softer than in his apartment, little more than a murmur, and also threadier..Even above the piston-knock of her heart and the bellows-wheeze of her breath, Celestina heard wood crack, a small pane of glass explode, and metal torque with a squeal. The creep was going to get away.
