He wanted to allow the people from Earth to pursue their own pattern of living without disruptive influences for the immediate future, and possibly to make such an institution permanent if it suited enough people to do so. To Jean the announcement had come as a godsend, and to many others as well, if the amount of popular support that had materialized from all sides within a matter of hours was anything to go by. Why couldn't everybody see it that way? she wondered. It was so obvious. Why were there always some who were obstinate and valued political interests before what common sense said would be for the common good, such as Kalens, who even now was reacting to Lechat as a threat and rallying his own followers to action?.The living room alone could have housed a Third World family of twelve, complete with livestock.."Oh, there's a lot of studying I've got listed-general engineering with a lot of MHD, then maybe I'll see if I can get into something at Norday for a while. On her.as she stumped toward the foot of the bed..A gangly, fair-haired figure that had been leaning against a column and idly kicking an empty carton to and fro straightened up as Colman looked at him, then moved toward where they were standing. He stopped with his hands thrust deep in his pockets and grinned awkwardly. Colman stared at the boy in surprise. It was lay Fallows. "What the hell are you doing here?".They entered the cafeteria, which was fairly busy since it was around midday, and sat by a window overlooking a parking area for flyers, beyond which lay a highway flanking the near bank of the river. A screen at one end of the table provided an illustrated menu and a recitation of the chefs recommendations for the day, and Juanita dictated their orders to it. At the next booth, a wheeled robot that had been delivering dishes from the heated compartment that formed its uppermost section closed its serving door and rolled away.
