On the afternoon of November ninth, when Paul and Barty were with her, reminiscing, and Angel was in the kitchen, getting drinks for them, his mother gasped and stiffened. Breathless, she paled past chalk, and when she could breathe and speak again, she said, "Get Angel now. No time to bring the others." At this extreme end of town, no streetlamps lit the pavement. With only moonlight to reveal him, he wasn't likely to be recognized if anyone happened to glance out a window. Then the police in Spruce Hills would want to know why he had been screwing around with an underage Negro girl if his marriage to Naomi had been as perfect, as fulfilling, as he claimed. Unfair as it seems, there is no statute of limitations on murder. Closed files can be dusted off and opened again; investigations can be resumed. And although authorities would have little or no hope of convicting him of murder on whatever meager evidence they could dig up, he would be forced to spend another significant portion of his fortune on attorney fees. Uncommon dexterity is essential for anyone who hopes to become a highly skilled card mechanic, but it is not the sole requirement. A capacity to endure grim tedium while engaging in thousands of hours of patient practice is equally important. The finest card mechanics also exhibit complex memory function of a breadth and depth that the average person would find extraordinary. The two women stared at each other, and at last Celestina said, "Good Lord, what's happening here?" "so she's married," Junior said, figuring that maybe Celestina wasn't his heart mate, after all. A few attractive women were here alone, proof that social mores had changed dramatically in three years. Junior was aware of their hot gazes, their need, and he knew that he could have any of them. A stab of horror punctured Celestina as she failed to repress a mental image of a carnival-sideshow monster, half dragon and half insect, coiled in her sister's womb. She hated the rapist's child but was appalled by her hatred, for the baby was blameless. "It's a lot," Angel insisted. "Wally gave me an Oreo, last time I saw him. You like Oreos?" His happy expectation thickened into dread when he spotted the ambulance at the curb. And in the driveway stood the Buick that belonged to Joshua Nunn, their family doctor. In the first two weeks, when she wasn't on pie caravans, Agnes received guests in numbers that taxed her. But there were so many people she wanted to see one last time. She fought hard, giving the disease all the what-for that she could, and she held fast to hope, but she received the visitors nonetheless, just in case. Junior was aware that all the cops were watching him as he stared down at the body, and he frantically tried to think what an innocent husband would be likely to do or say, but his imagination failed him. His thoughts could not be organized. Edom observed, amazed, as Agnes chatted up their host, going from Mr. Sepharad to Obadiah, from the doorstep to the living room, the pie delivered and accepted, coffee offered and served, the two of them pleased and easy with each other, all in the time that it would have taken Edom himself to get up the nerve to cross the threshold and to think of something interesting to say about the Galveston hurricane of 1900, in which six thousand had died. "No. The information I gave you came from the coroner's office, which issued the death certificate. But even if I got into St. Mary's records, there wouldn't be a hint of where Catholic Family Services placed this baby." Now her mooring was Wally Lipscomb-obstetrician, pediatrician, landlord, and best friend--who arrived halfway through the reception. As she listened to Helen Greenbaum's sales report, Celestina held Wally's hand so tightly that had it been a plastic champagne flute, it would have cracked. Indeed, even the distinct fragrance of pulp paper, yellow with age, was alone sufficient to start him fantasizing. When Agnes pressed for a diagnosis, Dr. Chan quietly pleaded the need to gather more information. After Barty had seen the oncologist and had additional tests, he and his mother would return here in the afternoon to receive a diagnosis and counseling in treatment options. not yet acknowledged, when our flailing species briefly floats insensate between one desperate swim and another. Celestina threw down the weapon even before she turned, and as two cops entered the room, she cried, "He's getting away!" In a minute or two, one of the cops returned, crouching close as the medics worked. "There's no intruder." "Does my dad like Christmas?" Barty asked, sitting on the grave grass in front of the headstone. Wally had disposed of his properties in San Francisco under Tom's careful supervision. Any attempt to trace him from the city to Bright Beach would fail. His vehicles were purchased through a corporation, and his new house had been bought through a trust named after his late wife. Meanwhile, before they needed to plan the wedding, there was time for an orange soda and a root beer, and more of Dr Jekyll and Mr Hyde. Having been a volunteer instructor of English to twenty adult students over the years, having taught Maria Elena Gonzalez to speak impeccable English without a significant accent, Agnes was little needed as a teacher by her son. Even more than other children, he asked why with numbing regularity, why this and why that, but never the same question twice; and as often as not, he already knew the answer that he sought from her and was only confirming the accuracy of his deduction. He was such an effective autodidact, he schooled himself better than any college of professors that could have been assigned to him. The young man raised his voice to be heard above the gobbling of the art turkeys. "No, sir. He just asked where the men's room was." The musician's bird-sharp gaze grew dull. His pink tongue protruded from his mouth, like a half-eaten worm. They were in the eastern hills, a mile from Jolene and Bill Klefton's place, where ten days ago, Edom had delivered blueberry pie along with the grisly details of the Tokyo-Yokohama quake of 1923. just as Sinatra broke into song again, Junior thought he heard a footstep on the

wood floor of the hallway, and the creak of a board. The music masked the sounds of the visitor's approach if, indeed, he was approaching. The revolving beacons dwindled, casting off blue-and-red pulses of light that shimmered-swooped through the diffusing fog, as if they were disembodied spirits seeking someone to possess. In fact, although weak and achy, Junior felt mentally refreshed and wonderfully alert. To become a physical therapist, Junior had taken more than massage classes, so he knew what hematemeses meant. Hematemesis: vomiting of blood. Edom had noticed them earlier. Now he saw they were in worse condition than he'd thought. Enlarged knuckles, fingers not entirely at natural angles to one another. Perhaps Obadiah had rheumatoid arthritis, like Bill Klefton, though a less crippling case. As beautiful as they were, none of these women satisfied him as profoundly as Naomi had satisfied him. "And after Phimie was gone ... he still hoped to learn the rapist's name, put him in prison. But then something changed his mind ... oh, maybe two years ago. Suddenly, he wanted to let it go, leave judgment to God. He said if the rapist was as twisted as Phimie claimed, then Angel and I might be in danger if we ever learned a name and went to the police. Don't stir a hornet's nest, let sleeping dogs be, and all that. I don't know what changed his mind." Koko changed directions with a fantastic pivot turn and bounded after the girl. he had sat here with a pencil, making shopping lists. Now, instead of a pencil, there was the Italian-made .22 pistol. In July 1967, at two and a half, he finally contracted his first cold, an off-season virus with a mean bite. His throat was sore, but he didn't fuss or even complain. He swallowed his medicine without resistance, and though he rested occasionally, he played with toys and paged through picture books with as much pleasure as ever. When Renee, sweetly oblivious of her looming doom, claimed to have inherited a sizable industrial-valve fortune, Junior thought she might be inventing the wealth or at least exaggerating to make herself more desirable. But when he accompanied her back to her place, he discovered a level of luxury that proved she wasn't a shop girl with fantasies. Instead of answering the question, meaning to imply that he believed Junior already knew the facts, Thomas Vanadium said, "I was able to get a warrant to search your house." Junior thought this must be a trick. No hard evidence existed to indicate that Naomi had died at the hands of another rather than by accident. Grace knew it, too, because she went limp with misery in his arms, ceased struggling against him. Off the hard surfaces of cabinets, refrigerator, and ovens, the twin reports crashed and rattled. The windowpanes briefly thrummed. Darkness, the one source of childhood fear that most adults never quite outgrow, held no terror for Barty. Although for a while his bedroom featured a Mickey Mouse night-light, the miniature lamp was there not to soothe the boy, but to quiet his mother's nerves, because she worried about him waking alone, in blackness. Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life. Barty wanted to hug her. He did hug her. He hugged Angel, too. He hugged Tom Vanadium. Agnes discovered that watching her child be totally consumed by a new enthusiasm was an unparalleled delight. Through Barty, she had a tantalizing sense of what her own childhood might have been like if her father had allowed her to have one, and at times, listening to the boy exclaim about the space-faring Stone family or about the mysteries of Mars, she discovered that at least some part of a child still lived within her, untouched by either cruelty or time. Sitting forward in his armchair, Obadiah lowered his hands to his knees, and in thoughtful silence, he stared at them. He stopped straining to see through the black room to the corner armchair. He closed his eyes and tried to lull himself to sleep by summoning into his mind's eye a lovely but calculatedly monotonous scene of gentle waves breaking on a moonlit shore. too quiet and too patient to be the living-dead incarnation of a murdered wife. This was a predatory silence, an animal cunning, not a supernatural hush. This was the elegant stillness of a panther in the brush. When the highway passed through a sunless ravine, he had broken into a sour sweat at the sight of the bloody pulsing reflections of the revolving rooftop beacons on the bracketing cut-shale walls. Now and then, the siren shrieked to clear traffic ahead, and he felt the urge to scream with it, to let loose a wail of terror and anguish and confusion and loss. "Mr. Cain, if he bothers you, would you want me to have his choke chain yanked?" A sense of mystery overcame Agnes, unnerving but not entirely or even primarily unpleasant. In his mind, he carried a blueprint of the house more precisely drawn than anything that might have been prepared by an architect. He knew the place to the inch, and he adjusted his pace and all his mental calculations every month to compensate for his steady growth. So many paces from here to there. Every turn and every peculiarity of the floor plan committed indelibly to memory. A journey like this was a complicated mathematical problem, but being a math prodigy, he moved through his home almost as easily as when he had enjoyed sight. When he returned to the kitchen to add ice and sherry to his glass, he looked up White, Celestina in the San Francisco phone directory. Her number was listed; her address was not.
