"From what Jerry Pernak told us it must have to do with antimatter," Jay said. "The Chironians are into a whole new world of particle theory. That means they can produce lots of antimatter economically. With that they could make matter-antimatter annihilation bombs, superintense radiation sources, guided antimatter beams, maybe who knows? But it has to be something like that." Many of the same folks who say that it's a small world have also said you can't judge a book by its miles per hour. He's not concerned about being seen, only about losing the comforting music when the self, break out of the straitjacket, and all the rest, huh?" "Maybe." Outside the Haven of the

Lonesome and the Long Forgotten, under trellises draped with bougainvillea, notches above plain grub." "Uh, yeah." She felt diminished, humiliated, shaken? no less afraid than she'd been a moment ago, but now for. until she saw what had come in the container. "You're not a mutant." anxious about her welfare. She enjoyed making people smile. She always hoped to leave them thinking, "What about when he was screwing the country?" "Looks like it," Sirocco agreed. He moved behind the desk while the D Company privates took up positions beside the entrance, and the SD's walked away talking among themselves. Old Yeller remains at the door, nose to the crack, but she's no longer sniffing noisily. She's in stealth. "On what I'm doing." The Chironian looked apologetic. "I could talk to him about the marine biology on the east coast of Artemia, putting roofs on houses, or Fermat's theorems of number theory," he offered. "Do you think he might be interested in anything like that?" Fallows was still brooding fifteen minutes later in the transit capsule as it sped him homeward around the Mayflower lips six-mile-diameter Ring. Merrick was fight, he had decided. He had been a fool. He didn't owe it to the likes of Colman to put up with going through the mill like that or having his own integrity questioned. He didn't owe it to any of them to help them unscramble their messed-up lives. "Oh, Mother's far too terribly smart to put any faith in Western medicine. She relied on crystal. country, to the sites of famous close encounters, from Roswell, New Mexico, to Phlegm Falls, Iowa., Carson made it last night with a chick at Canaveral." "Who says?" Driscoll demanded. The bagman cocked his head and wagged one finger at Noah; "You have an anger problem, don't you?" "What a Christian." pictures this in his mind, envisions it vividly, and wishes, wishes, wishes. Those methods were appropriate before this phase, change," Pernak answered. They don't have any place now." along the hallway to another door that stands ajar. There were no more major points to discuss. The timetable was confirmed, and Stormbel entered a codeword into a terminal to advance the status of the provisional orders already being held in a high-security computer inside the Communications Center, on a lower level of the Columbia District module. "Now you're in a gang with a future." NOAH FARREL WAS SITTING in his parked Chevy, minding someone else's business, when the Colman's face creased into a frown. "Take the ship out with what?" otherwise dark, silent, and nearly scent-free desert. politics? helping troubled youth, turning their lives around. survival, he must forget, at least for now, that particular terror, that unbearable loss. Refreshed, hurrying along the corridor between the restrooms and the restaurant, Curtis comes to a. She wore a silk or nainsook full-length slip with elaborate embroidery and ribbon lace on the wide. "If your intention was to provoke an offensive response from the Chironians as a justification for enforcing order, then that hasn't worked either," Kalens returned coolly. "Now we must live with the damage and consider our alternatives." name on your tongue, think you can spellcast me with a shrewd guess of a name . . . distances. "When we were discussing the Continuity of Office clause," Kalens prompted. temporary emotional paralysis. All her life, until now, Geneva Davis had always found exactly the right. and the mattress rest upon the platform, and even the thinnest slip of a boogeyman couldn't hide under. "Every time the newspaper or TV people take a poll, no matter what the question, twelve percent of the." Emmerson and Crealey were at the back. We found them unconscious in a ditch. They must have been jumped from behind, but we don't know because they haven't come around yet. They look as if they'll be okay though. The others didn't know a thing about it." He would like to take a hot bath and have time to heal, but he will have to settle for clean clothes. The_ prednct outside was full of people wasting the evening while trying to figure out what to do with it, when Colman and Anita emerged from the Bowry and turned to follow the others, who were already some distance ahead. Anita stopped to fish for something in. her pocketbook, and Colman slowed to a halt to wait. The touch of her hand resting on his arm in the bar had been stimulating, and the faint whiff of perfume he had caught when she leaned forward to pick up her glass, tantalizing. What the hell? he thought. She's not a kid. A guy needed a break now and again after twenty years of being cooped up in a spaceship;. Stern brought his fingers together in front of his face- a noble face whose proud, Roman-emperor features crowned by laurels of curly hair combed fiat and forward concealed an underlying harshness of line from all but the most discerning--and stared at the center of the table with large, liquid-brown, unfathomable eyes. "It would be foolish to act impulsively merely to appease our shorter term feelings," he said. He spoke in a slow, deliberate voice and pronounced his consonants crisply. "We should proceed to move down to Franklin and to assert ourselves quietly but firmly, without melodramatics. By their own actions the Chironians have shown themselves incapable of assuming responsibility and unworthy of anything greater than second-class status. Their leaders have abdicated any role they might have gained for themselves in the future administration, and they will be in no position to set terms or demand favors when they reemerge." He paused, and then turned his eyes to Howard Kalens. "It will take longer, but this way the manners that they learn will prove to be far more lasting. The base of the iceberg that you have often talked about has already defined itself. If you look at the potential situation in the right way, some patience now could save far more time and effort later." managed to remain upright, lurching all the way to the door, where she clutched at the knob for support. "Just wondering how I ever took pleasure in this line of work." Yet if he doesn't seek help here, he'll have to visit the next farmhouse, or the one after the next. He is. "We haven't talked about that yet," Pernak told him. Colman's eyebrows arched in surprise. "True, but-wow! I had no idea that anything here was that advanced." Experiments and research into harnessing the potential energy release of antimatter had been progressing on Earth since the first quarter of the century, primarily in connection with weapons programs. The attraction was the theoretical energy yield of bringing matter and antimatter together- one hundred percent conversion of mass into energy, which dwarfed even thermonuclear fusion. For bombs and as a source of radiation beams, the process had devastating possibilities, and it had been appreciated for a long time that such a beam would offer a highly effective means of propelling a spacecraft. Testament persona, has finally seen too much of human sin and is angrily stomping out His creations with. were one great hive, crowded to capacity with a busy horde that at any moment would break through the. "The message would have to go out live from there," he said slowly. unmarked by the violence that had changed her life. The unrevealed half of her face, pressed into the. "But they seem to have an intuition to make human value judgments," Colman objected. "They know too much about how people think." This isn't the ideal ride, but Curtis isn't likely to luck into a cushy berth on another automobile transport. Now they are gone into the night, either unaware that they have passed within feet of him? or alert to his. Stern's eyes smoldered. "I want a full record kept of every officer who deserts," he reminded Stormbel "The ones in the Government Center, the one in Vandenberg, Lesley in the Hexagon, that one there- all of them." His voice was calm but all the more menacing for its iciness. "They will answer for this when the time

comes. General, detach the Battle Module immediately and proceed as planned." With the coils of his soul exposed for all to see, the bagman, sans bag, swaggered toward the front of Otto shook his head. "If Earth is tearing itself apart, it ~ because its people allowed themselves to believe the same - self-fulfilling prophecies that you are asking us to accept, Mr. Stern. But we reject them. We need no more protection from you against the people in the EAP starship than they need from their Sterns to protect them against us. We have no need of that kind of strength. Is it strength for neighbors to fortify their homes against each other, or is it paranoia? You must feel very insecure to wish to fortify an entire star system." Stern's mouth clamped into a grim, down turned line. Sighing, Micky got up to retrieve a second beer from the refrigerator..disposal. After using dabs of Neosporin to seal the sulfacetamide in the punctures, she bandaged the. She was in her late thirties--Te. Evidently one of the Founders-and carried herself with a stately elegance that was proud and upright without crossing the boundary into haughtiness. Her hair hung naturally to her shoulders and was off-blonde with a vivid, fiery tint that bordered on orange in the sunlight; her face was firm and well formed in a way that reminded him vaguely of Celia Kalens, though with more girliness about it, a softer nose and chin, and a mouth that looked as if it laughed more spontaneously. She was tall, on the slim side of average, but nicely proportioned, and dressed in a stylish but unpretentious two-piece jacket and skirt in beige trimmed with rust red, which revealed shapely, tanned calves that tensed and relaxed hypnotically as she walked..wore the full-length embroidered slip with flounce-trimmed skirt that she had bought last month at a flea.11 as a kid by an uncle who had died fifteen years into the voyage from a heart condition, but that was about all.."Very smoothly, considering that it's been twenty years." Bernard permitted a faint smile. "Jean's finding some things a bit strange, but I'm sure she'll get over it."
