Until the evening reception for Celestina White, he must spend every hour of the day in calming activities, soothing himself in order to ensure that he would be cool and effective when the time came to act..Earlier, before leaving home, he had taken a preventive dose of paregoric. For now, at least, his bowels were quiet..Needles of rain knitted the air and quickly embroidered silvery patterns on the blacktop..Seraphim White had come to California to give birth to him in or to spare her parents-and their congregation--embarrassment.. "No. Charming," she disagreed. "There's a meaning to it. Everything has a meaning, dear."..Following a month of recuperation and postoperative medical care, Junior was able to return to his twice-a-week classes in art appreciation. He resumed, as well, his

almost daily strolls through the city's better galleries and fine museums. With the stocky detective looming, Junior wasn't able to stroke his imagination into an erotic mood. In his mind's eye, Victoria's ample bosom remained concealed behind a starched white uniform. On the High Marsh, "Could you throw an Oreo someplace you weren't blind or maybe someplace Wally wasn't shot?" "I'm afraid you're wrong." When Tom opened his left hand, the palm lay as bare as that of a blind beggar in a country of thieves. Meanwhile, his right hand had tightened into a fist again. Putting one hand on the object to which she referred, Barty said, "Mom and I were listening to a book when you got here. This is a talking book." "A nose, now, is a useful thing, a salable thing," Hound went on. "Not that I'm looking for competition. But a finder can always find work, as they say... You ever been in a mine?" Agnes had struggled recently to find a way to explain to Barty that his uncles had lost their hope, to convey also what it meant to live without hope-and somehow to tell the boy all this without burdening him, at such a young age, with the details of what his monstrous grandfather, Agnes's father, had done to her and to her brothers. The task was beyond her abilities. The fact that Barty was a prodigy six times over didn't make his mother's work easier, because in order to understand her, he would require experience and emotional maturity, not just intellect. Precisely what type of prodigy Barty might be was initially not easy to deduce. He revealed many talents rather than just one. The patches were held by the same two elastic strips, so Barty flipped up both at the same time. He doubted the Studebaker would ever be found, but successful men were, without exception, those who paid attention to detail. The boy never mentioned what he'd done, and his mother ceased worrying about him falling out of bed.. nonetheless. The rapist's curse. Healthy, but healthy at the expense of Phimie. The investigator's suite-a minuscule waiting room and a small office-lacked a secretary but surely harbored all manner of vermin. She could see now what she hadn't seen when running with him through the cemetery, because she was looking directly at him. Yet even seeing did not make it easy to believe.. find the detective's unlikely theory and persistent questioning to be tedious. "I seriously doubt that a dose of ipecac would produce such a violent response as in this case-not pharyngeal hemorrhage, for God's. Her awful sense of weightlessness became something much better: buoyancy, an exhilarating lightness of spirit. Fear remained with her-fear for Barty, fear of the future and of the strange complexity of Creation that she'd just glimpsed-but wonder and wild hope now tempered it. Junior forgot all about seduction. "And she--what?--She adopted her sister's baby?". He snatched up the wine list before she could look at it. "If you're paying, then I'm ordering whatever costs the most, regardless of what it tastes like.". The fully evolved man never has to rely on the gods of fortune, Zedd tells us, because he makes his luck with such reliability that he can spit in the faces of the gods with impunity. Maria said nothing, working busily, but Agnes recognized that special silence in which difficult words were sought and laboriously stitched together. He had not yet disposed of her personal effects. In the dark, he went to the dresser, opened a drawer, and found a cotton sweater that she had worn recently. Something was due to happen in this peculiar, extended, almost casual haunting under which he had suffered for more than two years, since finding the quarter in his cheeseburger. While all around him in the streets, people bustled in good cheer, Junior slouched along in a sour mood, temporarily having forgotten to look for the bright side. So Barty and Tom just happened to be chatting about a quantum physicist they had seen on a television program, a documentary about the uncanny resonance between the belief in a created universe and some recent discoveries in quantum mechanics and molecular biology. The physicist claimed that a handful of his colleagues, though by no means the majority, believed that with a deepening understanding of the quantum level of reality, there would in time be a surprising rapprochement between science and faith. Nevertheless, when the points of soreness in his brow and cheeks gradually grew worse, he stopped at a service station near Courtland, bought a bottle of Pepsi from a vending machine, and washed down yet another capsule of antihistamines. He also took another antiemetic, four aspirin, and-although he felt no trembling in his bowels-one more dose of paregoric. The bandaged man stormed up from the ruin of the living room, gauze fluttering around his lips as his hard exhalations seemed to prove that he wasn't a long-dead pharaoh reanimated to punish some heedless archaeologist who had ignored all warnings and violated his tomb. So this wasn't a *Weird Tales* moment. She didn't have an appetite, anyway. Joey was too much on her mind. The safe birth of a healthy child was a blessing, but it wasn't compensation for her loss. Although by nature resistant to depression, she now had a darkness in her heart that would not relent before a thousand dawns or ten thousand. If a mere nurse had insisted that she eat, Agnes would not have been persuaded, but she couldn't hold out against the insistent importuning of one special seamstress. Astonished and appalled by the cop's insensitivity, Junior said, "You just drop this on me? I lost my wife and my baby. My wife and my baby." Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails. Draped across his midsection, the terrible cold weight had chilled his flesh; but now his bone marrow prickled with ice at the thought of the birthmarked detective sitting silently in the dark, watching. Junior would have preferred dealing with Naomi, dead and risen and seriously pissed, rather than with this dangerously patient man. He knocked the pepper shaker on its side, and then with a groan put it upright once more. The cord wasn't long enough to allow Celestina to take the telephone handset with her, so she put it down on the nightstand, beside the lamp. "It was. But maybe that's not the whole story. Anyway, we know the usual poses these guys strike, the attitudes they think are deceptive and clever. Most of them are so obvious, they might as well just stick their willy in a light socket and save us a lot of trouble. This, however, is a new approach. Tends to make you want to believe in the poor guy." When he noticed a blonde staring at him from a nearby booth, he smiled and winked at her. Although she was not attractive enough to meet his standards, there was no reason to be impolite. A mutual interest in ballroom dancing had resulted in their introduction when each needed a new partner for a fox-trot and swing competition. Nolly had started taking lessons five years before he had met Kathleen. Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Orwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese." The terror he hid from her vanished with the recital of their vows. He knew from their first kiss as husband and wife that this was his destiny. What a great adventure they'd had together these past twenty-three years, one that Doc Savage might have envied. These past ten days had been the most difficult of her life, harder even than those following Joey's death. Back then, although she had lost a husband and a gentle lover and her best friend all at once, she'd had her undiminished faith, as well as her newborn son and all the promise of his future. She still had her precious boy, even though his future was to some extent blighted,

and her faith remained with her, too, though diminished and offering less solace than before.. "And, listen, if you leave too soon behind me, I've got a guy watching, and he'll put a hollow-point thirty-eight in your ass." Agnes had lifted him to this perch. Now she smoothed his hair, straightened his shirt, and retied his loosened shoelaces, finding it even harder than she had expected to say what needed to be said. She thought she might require Dr. Chan's presence, after all.. At a gun shop, Junior purchased two hundred rounds of ammunition. Later, that many cartridges seemed excessive to him. Later still, he purchased another two hundred.. Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist-yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others-Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it." Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied.. Junior wasn't interested in Vietnam anymore, and he wasn't in the least troubled by the other news. These two years were disturbing to him only because of Thomas Vanadium.. Lying on his side in bed, clothed and shod, knees drawn up, arms folded across his chest, hands pressed under his chin, like a precocious fetus dressed and waiting for birth, Junior tried to recall the chain of logic that had led to this long and difficult pursuit of Bartholomew. That chain led three years into the past, however, which to Junior was an eternity, and not all the links were still in place.. "Why should I care whether you have any peace?" she asked, and she seemed to be listening to a woman other than herself.. Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics.. Prudence required that they strategize as though Enoch Cain were Satan himself, as though every fly and beetle and rat provided eyes and ears for the killer, as though ordinary precautions could never foil him.. "That's just ... an old joke," she heard herself saying, as from a distance. "You didn't really walk between the drops?". The ninth card was a jack of spades. Maria called it a knave of and at the sight of it, her bright smile dimmed.. Regrettably, he had no choice but to conclude that she hadn't made up her mind whether to keep the baby or to seek out an illegal abortion without Junior's approval. She had been thinking about scraping his child out of her womb without even telling him.. After a few racing steps, when the dog realized that Mary hadn't thrown the ball, it whipped around and sprinted back.
