Under a sullen afternoon sky, in the winter-drab hills, the yellow-and-white station wagon was a bright arrow, drawn and fired not from a hunter's quiver but from that of a Samaritan.."I'm paying," Celestina insisted when they were seated. "I'm now a successful artist, with untold numbers of critics just waiting to savage me.."the social worker and her family. Husband, wife, daughter, son. The little girl smiled shyly through braces. The boy was impish..On the serving tables, the canap? trays held only stained paper doilies, crumbs, and empty plastic champagne glasses..At the end of their second date, however, Frieda invited Junior up to her apartment, to see her Lientery collection and, no doubt, to take a ride on the Cain ecstasy machine. She owned seven canvases by the painter, received as partial payment of his PR bills..By the first of November, they moved his mother's bed into the living room, so she could be in the center of things, where always she had been, though they admitted no guests now, only members of their family with its many names..At the top of the candlestick, the drip pan and the socket were marked by a wine-red drizzle. The color of well-aged bloodstains..His first word after mama was papa, which she taught him while showing him pictures of Joey. His third word: pie..Startled, Celestina said, "Good grief, you're spooky. How could you know what I'm thinking?".The opening paragraph still lingered in his memory, because he had crafted it with great care: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you..Casey and Tutti, her sister Skipper, and dreamboat Ken-and soon the girls had Barty enthusiastically involved in a make-believe world far different from the one in which Heinlein's teenage lead owned an extraordinary alien pet with eight legs, the temperament of a kitten, and an appetite for everything from grizzly bears to Buicks..Jacob feared what men could do with clubs, knives, guns, bombs, with their bare hands, but he was most preoccupied by the unintended death that humanity brought upon itself with its devices, machines, and structures meant to improve the quality of life..From the phone, Barty proceeded directly to the refrigerator. He opened the door, got a can of orange soda, and returned without hesitation to his chair at the table..When he got no response, he wedged the toe of his right loafer under the guy's chest and, with some effort, rolled him onto his back..On Tuesday evening, September 7, after half an hour in the lotus position, thinking about nothing whatsoever but a white pin with two black bands at its neck and the number I painted on its head, Junior went to bed at eleven o'clock and set his alarm for three in the morning, when he intended to shoot himself.."Oh!" She blotted her eyes on the heels of her hands. "Wait! Give me a second chance. I can do it better, I'm sure I can..If Junior were weak-minded enough to succumb to madness, this was the moment when he should have fallen into an abyss of insanity. He heard an internal cracking, felt a terrible splintering in his mind, but he held himself together with sheer willpower, remembering to breathe slowly and deeply..He was able to search five pages at a sitting before his head began to ache. He'd been putting in two sessions each day, starting this past Tuesday. Four thousand names a day. Sixteen thousand total when he finished the fifth of this evening's pages..Miss White," he continued, still facing the window, "not long before you arrived in surgery this morning, your sister died on the table. We hadn't delivered the baby yet, and perhaps couldn't have done so, by cesarean, in time to prevent brain damage, so for both the sake of the mother and child, heroic efforts were made to bring Phimie back and ensure continued circulation to the fetus until we could extract it..Without ceremony or prayer, although with much righteous anger, Junior hoisted the dead musician over the lip of the Dumpster. For a dreadful moment, his left arm tangled in the loosely cinched belt of the London Fog raincoat. Straining a shrill

bleat of anxiety through his clenched teeth, he desperately shook loose and let go of the body..THE SUN ROSE above clouds, above fog, and with the gray day came a silver drizzle. The city was lanced by needles of rain, and filth drained from it, swelling the gutters with a poisonous flood..Edom's twin, Jacob, who had never held a job, lived in the second apartment. He'd been there since graduating from high school..The sidewalks were crowded with businessmen in suits, hippies in flamboyant garb, groups of smartly attired suburban ladies in town to shop, and the usual forgettably dressed rabble, some smiling and some surly and some mumbling but as blank-eyed as mannequins, who might be hired assassins or poets, for all he knew, eccentric millionaires in mufti or carnival geeks who earned their living by biting heads off live chickens..Curiously, reciting these facts usually calmed him, as though speaking of disaster would ward it off. Since Friday, however, he had found no comfort in his usual routines.. "Bartholomew, huh?" asked Wally as he piloted them through banks of earthbound clouds.. "Oil and natural-gas pipelines will fracture, explode. A sea of fire will wash cities, killing hundreds of thousands more."..Friday brought Scamp again, all of Scamp, all day, every way, wall-to-wall Scamp, so on Saturday he hadn't enough energy to do more than shower..Angel raised her attention from the salt shaker to Tom's face, studied his scars for a moment, and said, "No."..Tom proved to be more useful than either a cop or a priest to Pie Lady Services, when he discovered a talent for money management that protected their funds from twelve percent inflation and in fact brought them a handsome return in real terms..She told them of Phimie's request that the baby be named Angel. "At the time, I assumed she wasn't able to think clearly because of the stroke..must either change her mind or commit herself to a more difficult and challenging life than any she had envisioned only this morning..When he noticed a blonde staring at him from a nearby booth, he smiled and winked at her. Although she was not attractive enough to meet his standards, there was no reason to be impolite..As the afternoon waned toward a portentous dusk and toward the gallery reception for Celestina White, Junior prepared his knives and guns..Outside, he turned to look at the display windows. He expected to see the candlestick, supernaturally apparent only from this side of the glass, but it wasn't there. Throughout the autumn, Junior read book after book about ghosts, poltergeists, haunted houses, ghost ships, s?ances, spirit rapping, spirit manifestation, spirit writing, spirit recording, trance speaking, conjuration, exorcism, astral projection, Ouija-board revelation, and needlepoint..Putting an arm around Paul's shoulders, Dr. Salk walked with him along a street lined with eucalyptuses and Torrey pines, to a nearby pocket park. They sat on a bench in the sunshine and watched duck waddle on the shore of a man-made pond..She lived with her parents then. They had converted the dining room to a bedroom for her.. "Bet I could, and sell it, too," she said. "I might not be as good at it as I am at teeth, but I'd be better than some I've read."..She tried to raise her right hand, but it flopped uselessly and would not respond..done with it at last, he opens his mouth, lets the roses be shoved in, the bitter green taste of the juice crushed from.Neddy favored a quick greeting, two curt pumps, but Junior held fast after the handshake was over. He didn't grind the musician's knuckles, nothing so crude, just held on pleasantly but firmly. His intention was to confuse and further rattle the man, taking advantage of his obvious dislike of having his personal space encroached upon, in the hope that Neddy would reveal why he'd been watching Junior so intently from across the room..Clearly, the musician recognized him, which seemed unlikely, even extraordinary, considering that they'd never spoken to each other, and considering that Junior must be only one of thousands of customers who had passed through that lounge in the past three years..Besides, being a future-focused guy who believed that the past was a burden best shed, he never made an effort to nurture memories. Sentimental wallowing in nostalgia had none of the appeal for him that it had for most people..Her fear, Agnes suddenly realized, arose from her father's often expressed conviction that an attempt to excel at anything was a sin that would one day be grievously punished. All forms of amusement were sinful, by his way of thinking, and all those who sought even the simplest entertainment were lost souls; however, those who desired to amuse others were the worse sinners, because they were overflowing with pride, striving to shine, eager to make themselves into false gods, to be praised and adored as only God should be adored. Actors, musicians, singers, novelists were doomed to hell by the very acts of creation which, in their egomania, they saw as the equal of their Creator's work. Striving to excel at anything, in fact, was a sign of corruption in the soul, whether one wanted to be recognized as a superior carpenter or car mechanic, or a grower of prize roses. Talent, in her father's view, was not a gift from God, but from the devil, meant to distract us from prayer, penitence, and duty..Indeed, even the distinct fragrance of pulp paper, yellow with age, was alone sufficient to start him fantasizing..Her mouth was as greedy as it was ripe, and her pliant body radiated volcanic heat, and as Junior slipped his hands under her skirt, his mind teemed with thoughts of sex and wealth and power, until he discovered that the heiress was an heir, with genitalia better suited to boxer shorts than to silk lingerie..She dealt with them equally, too, favoring neither-except in-the matter of pie delivery. On those rare occasions when she could not make these rounds herself and when she had no one to turn to but a brother, Agnes always asked for Edom's help..Yet the coin was as real as dead Naomi broken on the stony ridge at the foot of the fire tower..The spirit of Bartholomew . . . will find you ... and mete out the terrible judgment that you deserve..nonetheless. The rapist's curse. Healthy, but healthy at the expense of Phimie..She hadn't looked up from her sketching. Although Junior thought she hadn't seen him, she'd apparently been aware of him all along..Charmed by the vulnerability of the young, he'd never slept with an older woman. The prospect intrigued him. She would have tricks in her repertoire that younger women were too inexperienced to know..The wedding reception-big, noisy, and joyous-spread across the three properties without fences. His mother's name was so often mentioned, her presence so strongly felt in all the lives that she had touched, that sometimes it seemed that she was actually there with them.. "It's there even when you read to me now. The sad feeling, I mean. It changes the story, makes it not as good, because I can't pretend I don't hear how sad you are."..It's unsettling. For all our delight in the impermanent, the entrancing flicker of electronics, we also long for the unalterable.. "Having spent most of the last twenty years in this apartment, not being the one who has a car, how would I meet a Negro magician?"..He couldn't easily refuse the assignment. Later that year, President Lyndon Johnson, with strong backing from both the Democratic and the Republican Parties, was expected to sign the Civil Rights Act of 1964, and currently it was dangerous for clearheaded believers in the primacy of self to express their healthy instincts, which might be mistakenly perceived as racial prejudice. He could be fired..The tenderness with which Grace acceded to Phimie's desire, at the expense of her own peace of mind, filled Celestina with emotion. She'd always admired and loved her mother to an extent that no words-or work of art-could adequately describe, but never more than now..Looking toward the nearest window, where the wet night kissed the glass, he said, "Lawn sprinklers?"..But the other learning he had been given had made Otter touchy in these matters, delicate of conscience. The big galley they were building now would be rowed to war by Losen's slaves and would bring back slaves as cargo. It galled him to think of the good ship in that vicious usage. "Why can't we build fishing boats, the way we used to?" he asked, and his father said,

"Because the fishermen can't pay us." Outside, he discovered that some worthless criminal wretch had broken into his Suburban during the night. The suitcase and Book-of-the-Month selections were gone. The creep even swiped the Kleenex, the chewing gum, and the breath mints from the glove compartment. Earlier, he had placed an open fifth of vodka on the table, in front of Victoria. The nurse, no longer in the chair, sprawled on the floor as if she had emptied another bottle before this one. "I know you, kid. You can handle anything from here on, whether it's a sold-out show or it's not, whether you're going to be famous or just another nobody." "Mommy, watch!" He turned in the deluge with his arms held out from his sides. "Not scary!". The fact that Barty saw twisty spots with either eye closed had prepared Agnes for this bleak news. Yet in spite of the defense that foreknowledge provided her, the teeth of sorrow bit deep. Her awful sense of weightlessness became something much better: buoyancy, an exhilarating lightness of spirit. Fear remained with her-fear for Barty, fear of the future and of the strange complexity of Creation that she'd just glimpsed-but wonder and wild hope now tempered it...could not be a person of the best intentions. Doctors and nurses wouldn't monitor their patients with the lights off. From the corn soup to the baked ham to the plum pudding, he did not speak of his dry walk in wet weather. "Yours is a harder job than mine," Lipscomb told Grace, dandling Angel as he spoke. "I have no doubt of that." "Because Cain had called him to get a recommendation of a P. I. here in San Francisco," said Kathleen. "To find out what happened to Seraphim White's baby." Great hobnailed wheels of pain turned through Agnes, driving her into darkness for a moment. Joey was not illuminated by the light of this world. Agnes realized that he was translucent, his skin like fine milk glass through which shone a light from elsewhere. Routinely she dreamed of Joey. Not nightmares. No blood, no reliving of the horror. In her dreams, she was on a picnic with Joey or at a carnival with him. Walking a beach. Watching a movie. A warmth pervaded these scenes, an aura of companionship, love. Except eventually she always glanced away from Joey, and when she looked again, he was gone, and she knew that he was gone forever. In the motel office, Junior paid for another night in advance. His preference in lodgings didn't run to greasy carpeting, cigarette-scarred furniture, and the whispery scuttling of cockroaches in the dark, but though feeling better, he was too tired and shaky to drive. Writing came with reading, and in a notebook, he began to make entries about points of interest in the stories that he enjoyed. His Diary of a Book Reader, as he titled it, fascinated Agnes, who read it with his permission; these notes to himself were enthusiastic, earnest, and charming-but literally month by month, Agnes noticed that they grew less naive, more complex, more contemplative. "It was... the only dream that mattered," Joey said. "You ... loving me. It was a good life because of you." In January 1965, Magusson had sent Cain to Nolly as a client, not sure why the creep needed a private detective. That had turned out to be the business about Seraphim White's baby. Simon's warning to be careful of Enoch Cain had helped to shape Nolly's decision to withhold the information about the child's placement. Now her mooring was Wally Lipscomb-obstetrician, pediatrician, landlord, and best friend--who arrived halfway through the reception. As she listened to Helen Greenbaum's sales report, Celestina held Wally's hand so tightly that had it been a plastic champagne flute, it would have cracked. Junior jammed on the brakes, slammed the gearshift into park, threw open the door, and plunged from the car. He spun around to face the menace, loose gravel shifting treacherously underfoot. It wasn't as if this was Junior's first encounter with a dead body. In the past few years, he'd become as comfortable with the deceased as any mortician might be. They were as unremarkable to him as cupcakes were to a baker. Shortly after six o'clock, Saturday morning, she stirred from a fretful dream and saw Barty sitting up in bed, reading. And like John Kennedy's death, Zedd's passing was cloaked in mystery, inspiring widespread suspicion of conspiracy. Only a few believed that he had committed suicide, and Junior was certainly not one of those gullible fools. Caesar Zedd, author of You Have a Right to Be Happy, would never have blown his brains out with a shotgun, as the authorities preferred the public to believe. "Then I'll attend to everything right away," the doctor said, reaching for the privacy curtain that surrounded the ER bed. To the left, a door led to a back staircase, accessible with the special key already in his hand. To the right: a key-operated service elevator for which he'd been provided a separate key. Not cheerful, life-loving, high-spirited, churchgoing Naomi. She saw every day through a golden haze that came from the sun in her heart. Police identified Junior as the prime suspect, and newspapers featured his photograph in most stories. They referred to him as "handsome," "dashing," "a man with movie-star good looks." He was said to be well known in San Francisco's avant-garde arts community. He got a thrill when he discovered that Sklent was quoted as calling him "a charismatic figure, a deep thinker, a man -with exquisite artistic taste so clever he could get away with murder as easily as anyone else might get away with double-parking." "It's people like him," Sklent continued, "who confirm the view of the world that informs my painting." Initially, when told that his patient was a Negro, Junior had been reluctant to serve as her physical therapist. Her program of rehab required mostly structured exercise to restore flexibility and to gain strength in the affected limb, but some massage would be involved, as well, which made him uncomfortable. When the two vertical panes of the casement window were still less than seven inches apart, they stuttered. The mechanism produced a dismal grinding rasp that sounded like a guttural pronunciation of the problem itself, c-c-c-corrosion, and seized up. He hadn't intended to enter the gallery. No one in his usual circles would attend this show, unless in such a state of chemically altered consciousness that they wouldn't be able to recall the event in the morning, so he wasn't likely to be recognized or remembered. Yet it seemed unwise to risk being identified as a reception attendee if Celestina White's little Bartholomew and maybe the artist herself were murdered later. The police, in their customary paranoia, might suspect a link between this affair and the killings, which would motivate them to seek out and. WHEN A GLASS OF chilled apple juice at dawn stayed on his stomach, Junior Cain was allowed a second glass, though he was admonished He was also given three saltines.
