is nervous, dear. With a nervous breed, you just never know, do you? On this morning in March, minutes after the pie caravan had departed, Edom got his Ford Country Squire out of the garage and drove to the nursery, which opened early. Spring was drawing near, and much work needed to be done to make the most of the rosarium that Joey Lampion had encouraged him to restore. He happily contemplated hours of browsing through plant stock, tools, and gardening supplies. Junior kept a file on each man, nevertheless, in case instinct later told him that one of them was, in fact, his mortal enemy. He could have killed all of them, just to be safe, but a multitude of dead Bartholomews, even spread over several jurisdictions, would sooner or later attract too much police attention. He had the capacity to be exceptional at anything to which he applied himself. Bob Chicane had been right about that: Junior was far more intense than other men, possessed of greater gifts and the energy to use them. In November, Edom asked Maria Gonzalez to dinner and a movie. Although he was only six years older than Maria, both agreed that this was a date between friends, not really a boy-girl thing. "Well, sure," said Mary, "without dying first. That would be the easy way to get there. I'm a Lampion, aren't I? Do we take the easy way, if we can avoid it? Did Daddy take the easiest way up the oak tree?" He had nothing against Negroes. He didn't wish them ill. He wasn't prejudiced. Live and let live. He believed that as long as they stayed with their own kind and abided by the rules of a polite society, like everyone else, they had a right to live in peace. Near midnight, she returned to her apartment. Lights out, in bed, staring at the ceiling, she was unable to sleep. Impressed by the sureness and swiftness with which the blind boy negotiated the steps and set off across the lawn, Tom didn't initially notice anything unusual about his stroll through the deluge. Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life—and fully understanding the implications of this knowledge—takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks. "Good heavens, Vinnie, I know that," she assured him as she lifted Barty—hardly bigger than a bag of sugar—from the bassinet. She settled with the baby into a rocking chair. With a paper towel, Junior wiped the revolver. He dropped it on the floor beside the riddled nurse. From time to time, he halted, leaning against the walker as if in need of rest. He took care occasionally to grimace convincingly, not too theatrically—and to breathe harder than necessary. Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist—yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others—Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it." After she flushed, Angel stood on a stepstool and washed her hands at the sink. Her name was Victoria Bressler, and she was an attractive blonde. She would never have been serious competition for Naomi, because Naomi had been singularly stunning, but Naomi, after all, was gone. Instead of staring at Barty directly, he watched Angel as she studied the eyeless boy. She had exhibited no horror at the concave slackness of his closed lids, and when one lid fluttered up to reveal the dark hollow socket, she hadn't shown any revulsion. Now she moved closer to Barty's chair, and when she touched his cheek, just below his missing left eye, the boy didn't flinch in surprise. Yet he didn't fault himself for a lack of sensitivity. He'd met this woman only once before. He wasn't emotionally invested in her as he had been in sweet Naomi. Because this kind of fictional fact, like maps of imaginary realms, is of real interest to some readers, I include the description after the stories. I also redrew the geographical maps for this book, and while doing so, happily discovered a very old one in the Archives in Havnor. Tom was an Oregon State Police detective, as far as Celestina knew, and she didn't understand what he was doing here. He vanished through some hole, some slit, some tear bigger than anything through which Tom flipped his quarters. Vanadium nodded. "And I'd like to hear about Cain's reactions in more detail. I've read your reports, of course, and they've been thorough, but necessarily condensed. There'll be lots of subtleties that only reveal themselves in conversation. Often, the apparently insignificant details are the most important to me when I'm devising strategy." What might have become a waiting game of epic duration was ended when the door to the room swung inward, and a doctor in a white lab coat entered from the corridor. He was backlit by fluorescent glare, his face in shadow, like a figure in a dream. "Money's no object. I can afford whatever you'd like to charge. And I'd be a diligent student." He loved Naomi, of course, and never could deny her. Although he had been especially sweet to her that night, if he had known that they would have less than a year together before fate tore her from him, he might have been even sweeter. That night, in Barty's room, after Agnes had listened to his prayers and then had tucked him in for the night, she sat on the edge of his bed. "Honey, I was wondering.... Now that you've had more time to think, could you explain to me what happened?" Cain's Spruce Hills home, which he'd shared with Naomi, hadn't been furnished anything like this. The difference between there and here—and the similarity to Vanadium's digs—could be explained neither by wealth alone nor by a change of taste arising from the experience of city life. Junior glimpsed Vanadium first in profile—and then, as the cop rode down and away, only the back of his head. He hadn't seen this man in almost three years, yet he was instantly certain that this was no coincidental look-alike. Here went the filthy-scabby-monkey spirit itself. Because of the events regarding Barty and Angel back in January, Celestina, Grace, and Wally were no longer displaced persons waiting to return to San Francisco. They had begun anew here in Bright Beach; and judging by all indications, they were going to be as happy and as occupied with useful work as it was possible to be on this troubled side of the grave. After checking her carotid artery and detecting no pulse, Junior returned to the sofa in the living room. He fluffed the little pillow and left it precisely as he had found it. Celestina had wanted to go to Oregon for the service, but Tom, Max Bellini, the Spruce Hills police, and Wally Lipscomb—to whom, by Sunday, she'd begun talking almost hourly on the telephone—all advised strenuously against making the trip. A man as crazed and as reckless as Enoch Cain, expecting to find her at the funeral home or the cemetery, might not be deterred by a police guard, no matter what its size. Because the tower stood on a ridgeline that marked the divide between county and state property, most of the attending constabulary were county deputies, but two state troopers were present, as well. The mound of earth beside the grave had been disguised by piles of flowers and cut ferns. The suspended casket was skirted with black material to

conceal the yawning grave beneath it.. "I doubted myself more than God, though Him, too. I had those boys' blood on my hands. They were mine to protect, and I failed." Instead, as he settled into the offered chair, he withdrew a picture of Perri from his wallet. It was an old black-and-white school photograph, slightly yellow with age, taken in 1933, the year he'd begun to fall in love with her, when they were both thirteen.. "So what I am is I'm your talking eyes." Lowering her hand from his face, Angel said, "Do you know where bacon comes from?". Bearing roses upon their arrival, they hadn't bothered with umbrellas. Besides, although the sky glowered, the forecast had predicted no precipitation.. A sudden strange weakness, a formless dread, dropped Agnes out of her crouch and onto her knees beside the boy.. Without commenting, Tom continued: "And worlds just like ours-except that my parents never met, and I was never born. Worlds in which Wally was never shot because he was too unsure of himself or just too stupid to take Celestina to dinner that night or to ask her to marry him..". The spectral singer didn't exhibit her blood-and-bone sisters' reluctance to pursue her man.. Being uniquely sensitive, he had mourned Naomi with his entire body, with violent emesis and pharyngeal bleeding and incontinence. His grief had been so racking that it might have killed him. Enough was enough.. Candle flames blurred into bright smears, and the faces of her good parents shimmered like the half-seen countenances of angels in dreams.. Tom Vanadium was no alarmist, and the most logical explanation came to him first. Paul had wanted to learn how to roll a quarter across his knuckles, and in spite of being dexterously challenged, he practiced hopefully from time to time. No doubt, he had sat at the table this morning--or even last evening, before bed-dropping the coin repeatedly, until he exhausted his patience.. "You should call San Francisco police, have them put your place under surveillance and nail him if he turns up..". "I'll teach her," Wally said, moving past them to the apartment door, fishing a ring of keys out of his coat pocket.. "One of the things I was searching for in your house was a life insurance policy on your wife. I didn't find one. Didn't find any canceled checks for the premium, either..". Murmuring on the edge of sleep, Barty spoke to his father in all the places where Joey still lived: "Good-night, Daddy..". Those who had just met her and those who were overly charmed by eccentricity called her Seraphim, her name complete. Her teachers, neighbors, and casual acquaintances called her Sera. Those who knew her best and loved her the most deeply--like her sister, Celestina called her Phimie.. Astonished and appalled by the cop's insensitivity, Junior said, "You just drop this on me? I lost my wife and my baby. My wife and my baby..". If magic explained the jacks on Friday evening, maybe it was the dark variety of magic. Maybe he shouldn't be endeavoring to summon, once more, whatever spirit was responsible for the four knaves.. "Did they rush you straight in here or did you arrange all the insurance matters at reception, Mr. Pinchbeck?". "That won't do it..". Unquestionably, if he hadn't killed Vanadium, the maniac cop would have blown him away. That was clearly an act of self-defense.. Yet through the summer of 1966, following this call, he acted like a man who was haunted. A sudden draft, even if warm, chilled him and caused him to turn in circles, seeking the source. In the middle of the night, the most innocent of sounds could scramble him from bed and send him on a search of the apartment, flinching from harmless shadows and twitching at looming invisibilities that he imagined he saw at the edges of his vision.. She protested that her ruined body had neither any comforts to offer a man nor the strength to be a bride.. He usually ate lunch alone in his office. The room was the size of an elevator, but of course didn't go up or down. It went sideways, however, in the sense that herein Paul was transported into wondrous lands of adventure.. "Science. Quantum mechanics. Which is a theory ... of physics. But by theory, I don't mean just wild speculation. Quantum mechanics works. It underlies the invention of television. Before the end of this century, perhaps even by the '80s, quantum-based technology will give us powerful and cheap computers in our homes, computers as small as briefcases, as small as a wallet, a wristwatch, that can do more and far faster data processing than any of the giant lumbering computers we know today. Computers as tiny as a postage stamp. We'll have wireless telephones you can carry anywhere. Eventually, it will be possible to construct single-molecule computers of enormous power, and then technology-in fact, all human society-will change almost beyond comprehension, and for the better..". From the devil to the sacred and then beyond, Junior drove north on State Highway 160, which was proudly marked as a scenic route, although in these predawn hours, all lay bleak and black. Following the serpentine course of the Sacramento River, Highway 160 wove past a handful of small, widely separated towns.. Never before had she put faith in any form of prognostication. In the whispery falling of those twelve cards, however, she heard the faint voice of truth, not quite a coherent truth, not as clear a message as she might have wished, but a murmur that she couldn't ignore.. "Pie, pie, pie, pie, pie, pie, pie, pie," Barty repeated in the same tone of self-satisfied delight that he used when announcing "Barty potty..". The first was an ace of hearts. This, Maria said, was a very good card, indeed. It meant that Barty would be lucky in love.. And so Agnes went alone to her bedroom and there, as on so many nights, sought the solace of the rock who was also her lamp, of the lamp who was also her high fortress, of the fortress who was also her shepherd. She asked for mercy, and if mercy was not to be granted, she asked for the wisdom to understand the purpose of her sweet boy's suffering.. On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were the rewards of faithful adherence to his principles. What he believed in--the only thing he believed in--was Junior Cain, and in this he was a fiercely passionate believer, devout unto himself. Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false. Somehow, Vanadium's malevolent spirit was also to blame for Junior's failure to find a new heart mate, in spite of all the women he'd been through. Undoubtedly, when Bartholomew was dead and Vanadium vanquished with him, romance and true love would bloom.. The night seemed to be longer than a Martian month. Agnes dozed, fitfully, waking more than once, sweaty and shaking, from a dream in which her son was taken from her in pieces: first his eyes, then his hands, then his ears, his legs....
