couldn't bring a moment's calm to the velvet squall that was Neddy Gnathic in full blow. He had learned about the baby five days ago, and he had been building force ever since, like a tropical depression aspiring to hurricane status. "I'll always know your face," he promised. "Even if you have to go away and you're gone a hundred years, I'll remember what you looked like, how you felt." Not cheerful, life-loving, high-spirited, churchgoing Naomi. She saw every day through a golden haze that came from the sun in her heart. This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first. He paused, not sure how to proceed. He was not accustomed to writing letters to total strangers. Bressler but no Vanadium. A girl named Angel. Something was wrong here. Something was rotten. Those words, in a vertiginous spiral, spooled through the memory tapes in Junior's mind, as clear and powerfully affecting-and every bit as alarming-as the memory flash of the ordeal in the Dumpster. He couldn't recall where he'd heard them, who had spoken them, but revelation trembled tantalizingly along the rim of his mind. During the night, he had awakened, seen her in the chair, and covered her with a blanket. In all their years, neither twin had ever set foot beyond the limits of Bright Beach. They both appeared nervous but determined. By the time he went to bed Saturday night, the cards that had been only that morning were showing signs of wear. Celestina threw down the weapon even before she turned, and as two cops entered the room, she cried, "He's getting away!" Junior's breath smoked from him as if he contained a seething fire of his own. He felt a sheen of condensation arise on his face, cold and invigorating. Better still, he was able to have the girl to the accompaniment of her father's voice, which was even kinkier than doing her in the parsonage. When Junior rang the bell, Seraphim had been in her room, listening to a tape of a sermon her father was composing. The good reverend usually dictated a first draft, which his daughter then transcribed. For three hours, Junior went at her mercilessly, to the rhythms of her father's voice. The reverend's "presence" was deliciously perverse and stimulating to his sense of erotic invention. When Junior was finished, there was nothing sexual that Seraphim could ever do with a man that she had not learned from him. Magusson's idea of a laugh. "And they didn't even bother to post a warning. In fact, that sign was still up, inviting hikers to enjoy the view from the observation deck." "Let's roll 'em. out," Paul said, and he returned to the station wagon to ride shotgun beside Agnes. Instead of opening his left fist, Tom lifted his martini with his right, and on the tablecloth under the glass lay the coin. Although the distance to the ground was only ten feet, she would be risking too much by running blindly off the roof and leaping to clear the fringe of fire at the edge. A landing on the lawn might end well. But if she fell onto the walkway, she might break a leg or her back, depending on the angle of impact. Junior assumed the dead girl had come from a family of stature in the Negro community, which would explain the stonecarver's accelerated service. Vanadium, according to his own words, was a friend of the family; consequently, the father was most likely a police officer. Assisted by Edom and Jacob, Agnes-in a wheelchair-was rolled across the grass, between the headstones, to her husband's final resting place. Although no longer in danger of renewed hemorrhaging, she was under doctor's orders to avoid strain. Junior knew that she must be teasing him. Her sense of play was delicious. Such devilry in her scintillant blue eyes, such sauciness. Round of face and round of body, Vinnie didn't walk like other men; he seemed to bounce lightly along, as if inflated with a mixture of gases that included enough helium to make him buoyant, though not so much that he was in danger of sailing up and away like a birthday balloon. His smooth cheeks and merry eyes left a boyish impression, but he was a good attorney, and shrewd. Tom proceeded, "Is that an infinite number of realities exist, other worlds parallel to ours, which we can't see. For example ... worlds in which, because of the specific decisions and actions of certain people on both sides, Germany won the last great war. And other worlds in which the Union lost the Civil War. And worlds in which a nuclear war has already been fought between the U.S. and Soviets." "Couldn't carry these three ladies," he said. "Svelte as they are, they still weigh more than a backpack." Remember the beauty of rage. Channel the anger and be a winner. Act now, think later. The upper end of the bed was elevated. Otherwise, Agnes would not have been able to see the room, for she was too weak to raise her head from the pillows. In agreement, Maria pushed the stack of unused cards aside, and she peered at her hands as if she wanted to scrub them for a long time under hot water. Tom would have edged to his right, away from Edom, if Jacob hadn't flanked him. He remembered the odd comment that the more dour of the twins had made about the Bakersfield train wreck. The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English. In Junior's estimation, this was not the way that a normal person lived. This was the home of a deranged loner, a dangerously obsessive man. The two bereaved women huddled at one end of the living room, tearful, touching, talking quietly, wondering together if there was any way that each could help the other to fill this sudden, deep, and terrible hole in their lives..and humble. They managed to worry up tuition for art school, but Celestina worked as a waitress to pay for her studio apartment and other needs. Vanadium clearly spent a lot of time in the kitchen; it was the only room in the house that felt comfortable and lived-in. Lots of culinary gadgets, appliances. Pots and pans hanging from a ceiling rack. A basket of onions, another of potatoes. A grouping of bottles with colorful labels proved to be a collection of olive oils. "More than remorse," the magician said. "Shame. I come from good people. I wasn't raised to be a cheat. Sometimes, trying to figure how I went wrong, I think it wasn't the need for money that ruined me. At least not that alone, not even that primarily. It was pride in my skill with the cards, frustrated pride because I wasn't getting enough nightclub work to show off as much as I wanted to." More good American music. The Supremes were Negroes, sure, but Junior was not a bigot. Indeed, he had once made passionate love to a Negro girl..dent? You do believe that? Because I don't see ... I don't know how could work with someone who thought I was capable of . . . ". The crazy bitch wielded it with such ferocity that the force of the impact with the floor, rebounding upon her, must have numbed her arms. She stumbled backward, dragging the chair, temporarily unable to lift it. The dinner guest leaned back into the car, as though to retrieve something. Perhaps he, too, had been considerate enough to bring a small gift for his hostess. "Great guy. Do you have an address for her, a way maybe I could get in touch about her brother?" "Water can break?" Maria asked, looking toward the faucet at the kitchen sink. She sighed. "I have so much to be learned." Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft. Initially, Helen Greenbaum, at Greenbaum Gallery, had taken on three canvases, and had sold them within a month. She took four more, then another three when two of the four moved quickly. By the time that she'd placed ten pieces with collectors, Helen decided to include Celestina in a show of six new artists. And now, already, she had a show of her own..folded over his too-tight shirt collar, and with a second chin more prominent than. Wonderful. Oh, perfect. So Neddy, a friend of

Celestina's, knew that Junior, reputed to be a vicious sadist, had attended this reception under a false name. If Junior really was a sleazy pervert of such rococo tastes that he would be shunned even by the scum of the world, even by the deranged mutant offspring of a self-breeding hermaphrodite, then surely he was capable of murder, too. Likewise, she wasn't prepared to deal with a monster like the father, if one day he came for Angel. And he would come. She knew. In these events as in all things, Celestina White glimpsed a pattern, complex and mysterious, and to the eye of an artist, the symmetry of the design required that one day the father would come. She wasn't prepared to deal with the creep now, but by the time that he arrived, she would be ready for him. When Agnes woke at 1:50 A.M., she was in the grip of a vague apprehension for which she couldn't identify a source. Many nights, his sleep wasn't half as restful as he would have wished, for he often dreamed of walking in a wasteland. Sometimes, desert salt flats stretched in all directions, with here and there a monument of weather-gnarled rock, all baking under a merciless sun. Sometimes, the salt was snow, and the monuments of rock were ridges of ice, revealed in the hard glare of a cold sun. Regardless of the landscape, he walked slowly, though he had the desire and the energy to proceed faster. His frustration built until it was so intolerable that he woke, kicking in the tangled sheets, restless and edgy. The calls to Bellini in San Francisco and to others in Oregon were made with a prayer for news, but the prayer went unanswered. Cain had not been seen, heard from, smelled, intuited, or located by the pestering clairvoyants who had attached themselves to the sensational case. Fathoms of silence flooded the line. Still, she listened. He sensed her there, though as if at a great depth. Celestina was hardly more than a child herself, pretending to have the strong shoulders and the breadth of experience to bear this burden. She felt half crushed. Whether the cop was unhinged or not, Junior had nothing to gain by talking to him, especially in this disorienting darkness. He was exhausted, achy, with a sore throat, and he couldn't trust himself to be as. "I know what you mean. Mr. Cain, I'd never turn my back on that much money if there was any damn way at all I could earn it." He knew what she made of it, all right, and he could see that the others on the porch knew as well, and likewise he could see that all of them wanted to hear him confirm the conclusion at which Agnes had arrived long before he'd come here with Wally this evening. Even in the dining room, before the proof in the rain, Tom had recognized the special bond between the blind boy and this buoyant little girl. In fact, he couldn't have arrived at any conclusion different from the one Agnes reached, because like her, he believed that the events of every day revealed mysterious design if you were willing to see it, that every fife had profound purpose. Oregon State Police might find at least one reason to be suspicious of the tragic scenario that he was creating. He didn't know much about the technology that police might employ at a crime scene, and he knew even less about forensic pathology. He was just doing the best job he could. Although Junior felt honor-bound to give Victoria first shot at him, he certainly didn't owe her monogamy. Eventually, when he had shaken off suspicion as finally as he had shaken off Naomi, he would be in the mood for a dessert buffet, romantically speaking, and one éclair would not satisfy. When he judged that he was near the porch steps, he probed with his cane. Two paces later, the tip rapped the lowest step. His enjoyment of the art was diminished by these associations, and as Junior turned away from Industrial Woman, his attention was suddenly captured by the quarters. Three lay on the floor at her gear wheel-and-meat-cleaver feet. They had not been here earlier. "It's a lot," Angel insisted. "Wally gave me an Oreos, last time I saw him. You like Oreos?" Years earlier, a stream had been diverted to fill the vast excavation. Stock fish were added, mostly trout and bass. When Agnes turned her head and saw Maria Elena Gonzalez, she thought she must be dreaming again. would allow herself to feel the loss, the misery against which she was now armored. Phimie deserved dignity in this final. do further testing, of course, but not until he's been stabilized at least twelve hours. Personally, I don't think we'll find any physical cause. Most likely, this was psychological-acute nervous emesis, caused by severe anxiety, the shock of losing his wife, seeing her die. The painkiller was not morphine-based, and it did not signal its presence in the system by inducing sleepiness or even a faint blurring of the senses. After forty minutes, however, he was sure that it must be effective, and he put the book aside. Beveled, cracked, distorted, divided into petals and leaves, Deed's face beyond the lead-ad glass, as he leaned closer to try to peer inside, was the countenance of a dream demon swimming up out of a nightmare lake. Celestina had chosen to shelter the bastard boy, and in so doing, she had declared herself to be Junior's enemy, though he'd never done anything to her, not anything. She didn't deserve him, really, not even one quick bang before the bang of the gun, and maybe after he shot Ichabod, he'd let her beg for a taste of the Cain cane, but deny her. No longer pinned to the bed by an intravenous feed of fluids and medications, provided with pajamas and a thin cotton robe to replace his backless gown, Junior was encouraged to test his legs and get some. Industrial Woman, which he'd purchased for a little more than nine thousand dollars, less than eighteen months ago and at another gallery, would fetch at least thirty thousand in the current market, so rapidly had Baval Poriferan's reputation risen. Yet, uncaught, the quarter would have dropped to the floor. Junior would have heard it ring off the tiles. Which he hadn't. "Just that she's aware of all the ways things are," Maria added. "Like you and Barty." Otter shook his head. This time, even San Francisco, under a Chinese-blue sky stippled with a cloisonne of silver-and-gold clouds, couldn't provide solace or calm Celestina's nerves. Her sister's dilemma wasn't as easily put out of mind as any problem of her own might have been-and she herself had never been in such an awful situation as Phimie was now. After arranging to have the gallery deliver his acquisition, Junior stopped in a nearby diner for lunch. The place specialized in superb heartland food: meat loaf, fried chicken, macaroni and cheese. The odds against drawing a jack of spades four times in a row out of four combined and randomly shuffled decks were forbidding. Jacob didn't have the knowledge necessary to calculate those odds, but he knew they were astronomical. open grave. In his hand: the white rose, its thorns slick with his blood. He dropped the bloom, and it fell out of sight, into the gaping earth, atop Naomi's casket. make a worrywart life-insurance salesman like me seem just as light hearted as a schoolgirl. Barty read aloud as Agnes drove, because she'd enjoyed the novel only from page 104. He wanted to share with her the exploits of Jim and Frank and their Martian companion, Willis. If Agnes knew that Jacob had been helping her game, she might never play cards with him again. She would not approve of what he had done. Consequently, his great skill as a card mechanic must be forever his secret. As Junior stood at Seraphim's grave, his breath smoked from him in the still night air, as though he were a dragon. As best he could, he examined his clothes. They were better pressed than he expected, and not noticeably soiled.
