She tried to be respectful, but it was impossible..So for a half-month or more of the hot days of summer, Irian slept in the Otter's House, which was a peaceful one, and ate what the Master Patterner brought her in his basket - eggs, cheese, greens, fruit, smoked mutton - and went with him every afternoon into the grove of high trees, where the paths seemed never to be quite where she remembered them, and often led on far beyond what seemed the confines of the wood. They walked there in silence, and spoke seldom when they rested. The mage was a quiet man. Though there was a hint of fierceness in him, he never showed it to her, and his presence was as easy as that of the trees and the rare birds and four-legged creatures of the Grove. As he had said, he did not try to teach her. When she asked about the Grove, he told her that, with Roke Knoll, it had stood since Segoy made the islands of the world, and that all magic was in the roots of the trees, and that they were mingled with the roots of all the forests that were or might yet be. "And sometimes the Grove is in this place," he said, "and sometimes in another. But it is always.."and further weakness among us. I will speak no longer and say nothing else in her presence. Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. Perhaps the book was saying that there must be sacrifice not only of base flesh but also of inferior spirit. The great fire in the tower should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was right, had at last understood the technique. But he must not hurry, he must be patient, must make certain. He turned to another passage and compared the two, and brooded over the book late into the night. Once for a moment something drew his mind away, some invasion of the outskirts of his awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and returned to the marvels of the Alking's realm. He never noticed that his prisoner's dreams had escaped him..During the voyage, however, he talked several times with Dragonfly, which made Ivory a bit uneasy. Her ignorance and trustfulness could endanger her and therefore him. What did she and the bagman talk about? he asked, and she answered, "What is to become of us.."with them.
