"We could find no trace of him. No doubt he changed himself to a bird or a fish when he left Roke, until he came to some other island. And a wizard can hide himself from all finding spells. We sent out inquiries, in the ways we have of doing so, but nothing and nobody replied. So we set off looking for him, the Summoner to the eastern isles and I to the west. For when I thought about this man, I had begun to see in my mind's eye a great mountain, a broken cone, with a long, green land beneath it reaching to the south. I remembered my geography lessons when I was a boy at Roke, and the lay of the land on Semel, and the mountain whose name is Andanden. So I came to the High Marsh. I think I came the right way." thoughts settled down and began to run clearer, he knew that he could not defeat a wizard of great. not come, and he soon slept in sheer weariness. But before the sun was in the windows, there was a knock at her open door. Outside was the man she had thought was a gardener, the Master Herbal, looking solid and stolid, like a brown ox, beside the gaunt, grim-faced old Namer.. "Well, he can't lift the murrain all at once. But seems like he can cure a beast if he gets to it. And, just as in the now of the so-called real world, I didn't know what would happen next. I could. to do, to learn? What is she, that you ask this for her?". Rush glanced from one to the other with her keen, bright eyes. "Not only a handy man," she said,. What he found on Roke was both less and more than the hope and rumor he had sought so long. Roke. Some people of great innate and trained power are able to find out the true name of another, or even to have it come to them unsought. Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people- and dragons- keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him, having by both wizardry and scholarship discovered Yevaud's true name under centuries of false ones.. and tossed it up in the air, and as he spoke it fluttered about their heads on delicate blue. "He lay as if dead, cold, his heart not beating, yet he breathed. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. Only the Changer spoke against it at first, and then agreed.. She nodded stiffly to them, turned round, and strode out of the room.. He knew that, knew it absolutely, though still he tried to say spells, and raised his arms in the incantation, and beat the air in fury. Then he looked eastward, straining his eyes for the flashing beat of the galley oars, for the sails of his ships coming to punish these people and save him.. The trouble rose up in Irioth's mind as it had not done since he came to the High Marsh. He struggled against it. A man of power had come to heal the cattle, another man of power. But a sorcerer, Alder had said. Not a wizard, not a mage. Only a curer, a cattle healer. I do not need to fear him. I do not need to fear his power. I do not need his power. I must see him, to be sure, to be certain. If he does what I do here there is no harm. We can work together. If I do what he does here. If he uses only sorcery and means no harm. As I do.. you dream it to be, but that, too, you'd learn.. "When and where did we begin to go too far? What have we forgotten, turned our back on.. we fought. And then it was over. He broke. Like a stick breaking. He was broken. But he fled away.. The Doorkeeper bowed his head a little. A very faint smile made crescent curves in his cheeks. He. liquid. She leaned still closer.
