These fiery flights caused great terror, and hundreds of boats carried people fleeing from Paln and Semel to the Inner Islands; but the dragons were not doing as much damage as the Kargs, and Maharion

judged the urgent danger lay in the east. While he himself went west to fight dragons, he sent Erreth-Akbe east to try to establish peace with the King of the Kargad Lands. But as he went back up the streets of South Port he lost her. He swore to keep her with him, to think of her, to think of her that night, but she faded away. By the time he opened the door of Master Hemlock's house he was reciting lists of names, or wondering what would be for dinner, for he was hungry most of the time. Not till he could take an hour and run back down to the docks could he think of her. Apprentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom back here, eh?" and walked off with his quick, silent step, lost almost at once in the dappled, something she'd always known, while the answers to his questions were things she had never called him. But something in him ached, not the sharp body pain, a long ache. The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's mind, seeking his true name. But he did not know where to look or how to look. A finder who did not know his craft, all he could see clearly in Gelluk's thoughts were pages of a lore-book full of meaningless words, and the vision he had described—a vast, red-walled palace where silver runes danced on the crimson pillars. But Otter could not read the book or the runes. He had never learned to read. Other was his servant. Teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Osskili, spoken in Osskil and two islands northwest of it, has more affinities to Kargish than to Hardic. Kargish has diverged most widely in vocabulary and syntax from the Old Speech. Most of its speakers (like most Hardic speakers) do not realise that their languages have a common ancestry. Archipelagan scholars are aware of it, but most Kargs would deny it, since they have confused Hardic with the Old Speech, in which spells are cast, and thus fear and despise all Archipelagan speech as malevolent sorcery. "No, thank you." Very slowly they made him understand that one of the women was Anieb's mother, and that he should give Anieb to her to hold. He did so at last, watching to see if she was gentle with his friend and would protect her. Then he followed another woman meekly enough. He put on dry clothing she gave him to put on, and ate a little food she gave him to eat, and lay down on the pallet she led him to, and sobbed in weariness, and slept. Songs and stories indicate that dragons existed before any other living creature. The Old Hardic kennings or euphemisms for the word dragon are Firstborn, Eldest, Elder Children. Some people of great innate and trained power are able to find out the true name of another, or even to have it come to them unsought. Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people—and dragons—keep their true name secret; wizards hide and defend theirs with spells.
